

Acer P3250

ColorBoost II SmartFormat EcoProjection

Weighing only 1.2 kg (2.7 lbs.), the P3250 projector is an ultra-lightweight powerhouse casting 2000 ANSI Lumens brightness, and boasting native XGA (1024 x 768) resolution and 2000:1 contrast ratio for high-impact projection performance in presentation venues of different sizes.

An HDMI™ port offers advanced digital connectivity to a variety of media sources. Acer ColorBoost II and SmartFormat technologies provide brilliant, professional imaging for superior enterprise-level presentations. With Acer EcoProjection technology, the P3250 saves energy by cutting standby power by as much as 50 percent.

# High-impact performance to go

acer

## Feature highlights

### Dazzling views, portable design

- Unique, elegant design
- Acer ColorBoost II technology
- XGA resolution
- 2000 Lumens brightness and 2000:1 contrast ratio
- DLP™ system design

### Earth-friendly, dynamic functionality

- Acer EcoProjection technology
- Longer lamp life (5000 hours)
- ECO mode
- Acer Instant Pack technology
- Automatic safety shutdown
- Digital zoom and pan
- 3X color-wheel rotation speed
- Low noise level
- Built-in speaker
- Alarm
- PIN security
- Windows Vista™ compliance

### Empowering usability, versatile connectivity

- Acer Empowering Technology
  - Acer ePower Management with High Altitude Mode
  - Acer eView Management with innovative Blackboard Mode
  - Acer eTimer Management
  - Acer eOpening Management
- Acer SmartFormat technology
- Keystone correction (40° vertical)
- Quick start
- Quick signal detection
- Multi-PC connectivity
- Digital connectivity via an HDMI™ port

## Acer Projector P3250 Quick Spec

Projection system	DLP™
Resolution	Native: XGA (800 x 600) Maximum: SXGA (1,600 x 1,200), WXGA+ (1,680 x 1,050)
Aspect ratio	4:3 (native), 16:9
Contrast ratio	2000:1
Displayable colors	134 million colors
Brightness	2000 ANSI Lumens
Projection distance	3.3 - 39 feet (1.0 - 11.9 m)
Throw ratio	50 inches @ 2m (1.95 ~ 2.15:1)
Lamp Type	Osram 165 W user replaceable P-VIP lamp
Lamp life	5,000 Hours
Keystone correction	±40 degrees (vertical)
Projection mode	Front, rear, front-ceiling, rear-ceiling
Ceiling mount capability	N/A
Weight	2.7 lbs (1.2 Kg)
Dimensions (W x H x D)	210 x 165 x 64 mm (8.3" x 6.5" x 2.5")
Remote Control	IR remote control with laser pointer & PgUp/PgDn functions
Noise level	29 dBA

**Acer Color Boost II Technology**  
Acer ColorBoost II technology upholds the innovations of its predecessor — Acer ColorBoost — while delivering all-new enhancements for Acer projectors. The automatic color tracking system enriches darkest detail and smoothens color gradation. Improved input signal consistency ensures stable image performance, while hue saturation gain (HSG) color tuning renders more realistic skin tones. Acer's proprietary lamp waveform design optimizes multimedia performance in bright environments. With these powerful new features, Acer ColorBoost II technology presents ultra-vivid images in brilliant color and high contrast for business presentations, educational purposes, and home entertainment.

**Acer SmartFormat Technology**  
Conveniently supports comprehensive wide-format PC signals. Users no longer need to worry about annoying "Signal not supported" issues, nor must they change the resolution of their wide-format notebook.

**Acer EcoProjection Technology**  
Acer EcoProjection is a complete environment-friendly power management solution that reduces standby power consumption by up to 50%, from 10 W to 5 W. Also featured in the Acer EcoProjection suite is Acer ePower Management for customized power-saving configurations.

**Acer ePower Management**  
Acer ePower Management provides quick configuration of power management options, including controls for High Altitude mode and Auto Shutdown.

**Acer eView Management with Blackboard Mode**  
With Acer eView Management, adjusting projector settings to suit any environment and any type of content is fast and easy. Eight factory or user-defined presets instantly configure color, brightness and contrast to deliver best-quality images. Innovative Blackboard Mode allows users to instantly project onto a traditional green chalkboard. There is no longer a need to set up a separate white screen.

**Acer eOpening Management**  
Acer eOpening Management allows users to easily create a customized startup screen for their Acer projector. Business users can set a corporate logo to create a professional brand image or add owner information to protect the projector from theft. Home users can have fun displaying their favorite photographs.

**Acer eTimer Management**  
A digital clock that can be set by the user and displayed onscreen for convenient reference keeps presentations going at the right pace. Acer eTimer Management also features a visual countdown and alarm, or countdown alone, to warn the presenter when time is up.

**About Acer**  
Since its founding in 1976, Acer has constantly pursued the goal of breaking the barriers between people and technology. Focused on marketing its brand-name IT products around the globe, Acer ranks as the world's No. 3 vendor for total PCs and No. 2 for notebooks, with the fastest growth among the top-five players. A profitable and sustainable Channel Business Model is instrumental to Acer's continued growth, while the successful mergers of Gateway and Packard Bell complete the company's global footprint by strengthening its presence in the U.S., and enhancing its strong position in Europe. Acer Inc. employs 5,000 people worldwide. 2007 revenues reached US\$14.07 billion. See [www.acer.com](http://www.acer.com) for more information.
